

Not Just a Classroom A Space for Growth, Curiosity & Wellbeing

“

The teacher-student ratio is what I find most reassuring about the school. Knowing that in every class, my child isn't just another face in the crowd but receives personal attention for full two minutes in each class—gives me immense comfort as a parent.

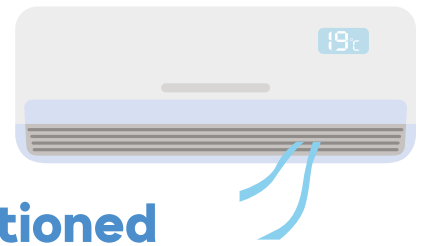

”

—Parents of
Aradhya Chaubey, grade 3

Just 25 Students Per Class

Small class sizes mean every child is known, supported, and nurtured – always.

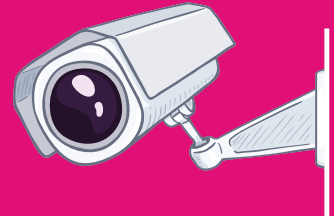

Air-Conditioned Comfort All Year Round

Every classroom is fully air-conditioned – because we believe a cool, calm environment leads to better focus and happy learners.

Safe & Monitored with CCTV

All classrooms are equipped with CCTV cameras for safety, transparency, and peace of mind.

Smart Projectors in Every Class

Visual learning is core to MSL – each class has a projector to enable dynamic, multimedia learning experiences.

The Science Behind Our Space: A Classroom That Understands How Children Learn Best

Flexible Seating Arrangements

From circles to clusters, MSL classrooms are designed to allow for movement, collaboration, and different learning styles.

Trained Teachers, Always Learning

Our educators are trained not just in the IB PYP framework, but also in classroom management, emotional intelligence, and differentiated instruction.

Real-Time Updates via Lernio

Our exclusive Lernio platform shares classroom photos, updates, and child progress – so you feel connected, every day.

Students & Teachers Collaboratively Shape the Classroom

At the beginning of the year, students actively participate in creating class promises alongside their teacher. This empowers them to take ownership of their learning environment and helps foster a culture of respect, responsibility and collaboration.
