

**BRIDGING CREATIVITY,
INQUIRY AND
ACADEMIC EXCELLENCE**

Welcome to the Bridge Years: Grades 6 to 8

At Modern School, Grades 6 to 8 are a transformative journey where your child transitions seamlessly from the IB PYP's inquiry-based learning to the academic rigour of ICSE. Here is what you can look forward to:

A Holistic Curriculum

Interdisciplinary

Learning: Thematic projects combining Science, Maths, Humanities and Arts for real-world applications.

Global and Local Perspectives:

Engaging with international themes while celebrating India's rich heritage.

NEP 2020 Focus:

Experiential learning, hands-on activities and life skill integration.

21st Century Skills

Research, collaboration and critical thinking.

Digital literacy and foundational financial literacy.

Leadership and decision-making through life skills programs.

Creativity, innovation and problem-solving in real-world contexts.

Adaptability and resilience to navigate an ever-changing world.

Effective communication and interpersonal skills for diverse environments.

Core Learning Areas

English:

Advanced grammar, literature, creative and academic writing, public speaking and comprehension.

Hindi:

Emphasis on communicative skills, classical and regional texts, poetry appreciation and creative writing.

Mathematics:

Conceptual clarity and problem solving in arithmetic, algebra, geometry, data interpretation and applied maths for real-world contexts.

Technology and ICT:

Coding, robotics, game design and foundational AI to prepare students for a digital-first future.

Sciences:

Inquiry-based exploration in Physics, Chemistry and Biology through practical experiments, STEM integration and problem-solving related to sustainability and innovation.

Geography:

Studying physical features, ecosystems, human-environment interactions, and climate change.

Civics:

Deep understanding of democracy, governance, rights and responsibilities as global citizens.

History:

Exploring civilizations, revolutions, key global and Indian events and their relevance today.

Sanskrit:

A classical language enhancing linguistic, cognitive and cultural understanding, with a focus on shlokas and traditional literature.

Visual Arts:

Exploration of drawing, painting, sculpture and design using traditional and digital mediums.

Music:

Training in vocal and instrumental music, traditional and modern genres. Develops aesthetic rhythmic sense and coordination.

Dance:

Exposure to classical, folk and contemporary dance forms. Develops aesthetic rhythmic sense & coordination.

Physical Education:

Fitness, yoga, structured sports and a focus on mental and physical well-being.

Assessing skills and thinking rather than recall

Combination of projects, presentations and written tests.

Portfolios to track progress and celebrate achievements.

A preparation path aligned with ICSE standards.

Enriching Experiences

STEAM Integration:

Innovative approaches in Science, Technology, Engineering, Arts and Maths.

School Events:

Participation in cultural festivals, MUN, sports meets, debates, seminars and Cognito to foster teamwork, confidence and creativity.

Career Guidance:

Early exposure to future pathways through expert-led sessions with our in-house career counselor.

Community Service Projects: Instilling empathy and social responsibility.

House System: Fostering teamwork, leadership and healthy competition through inter-house activities and events. Students develop a strong sense of belonging and camaraderie within their houses.

SCHOOL PROGRAMS

Nursery to Grade 5:
